

BURRO™

THE WASTE HANDLING HERO !

Fed up with
fiddly fork attachments?
Up to your oxters in SWARE?
You want CONTROL, you want SAFETY...
You need the **BURRO!**
Patent No : 2257120

Sequence of operation :

1. Driver positions Burro so that push arm on base touches edge of skip. As fork truck is driven forwards, base of Burro slides back.

2. Base locks in fully open position. Contents automatically discharge into skip. Burro can be raised or lowered to further agitate contents.

3. Empty Burro is lowered to ground level where base panel closes automatically.

4. Burro is ready for another load. There are no chains or other fixings to remove.

Also available with wheels, please call for details.

Model	Width (mm)	Depth (mm)	Height (mm)	Nominal Volume (cu.m)	Price (£)
